CHAPTER 531
HIRO MASHIMA

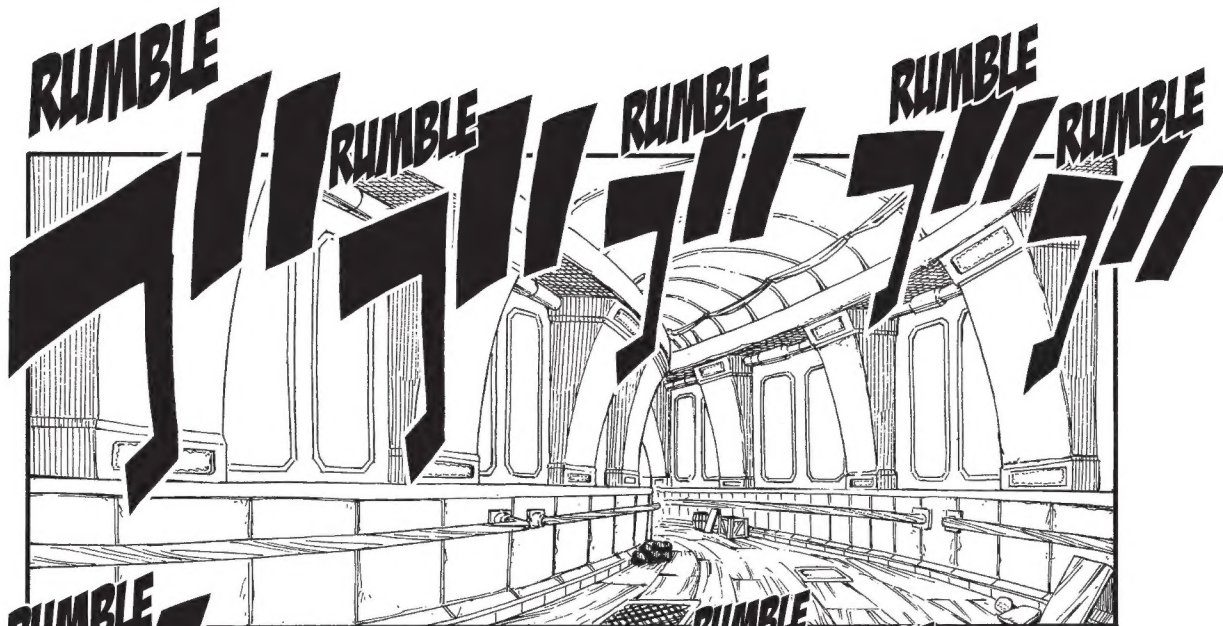

Chapter 531 Pegasus vs. the Black Dragon

**STORY
THUS
FAR.**

Erza, Wendy and Jellal are speaking to Anna, the very woman who crossed 400 years through the Eclipse door to defeat Acnologia. And in the present day, she discovered a "space between time," a place where time is warped and nothing can exist. Their plan is to trick Acnologia into touching it, sealing him inside. But if something should go wrong, it could spell disaster for everyone on the flying ship. Which way will fate fall?!

I...
don't...really
remember
much from
that time...

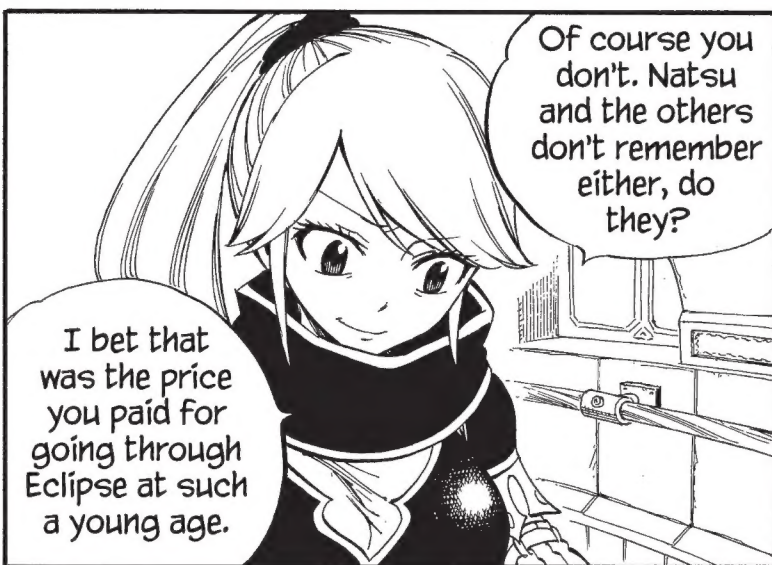

Wendy?

Anna-
sensei...

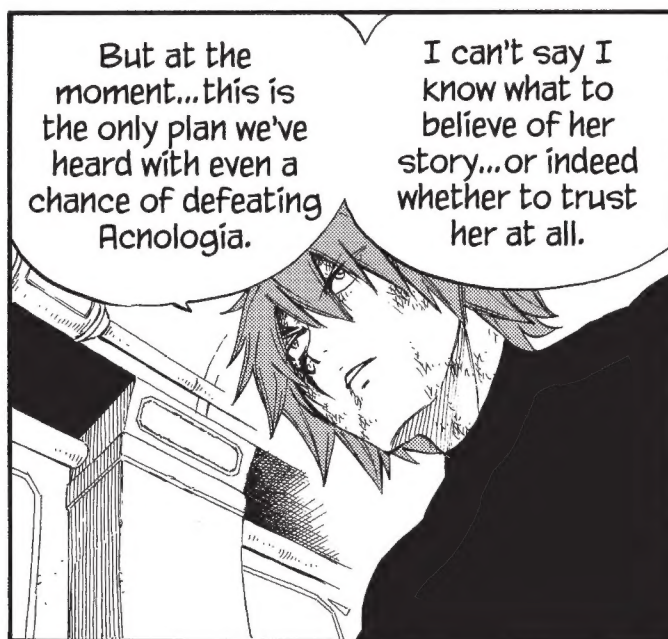

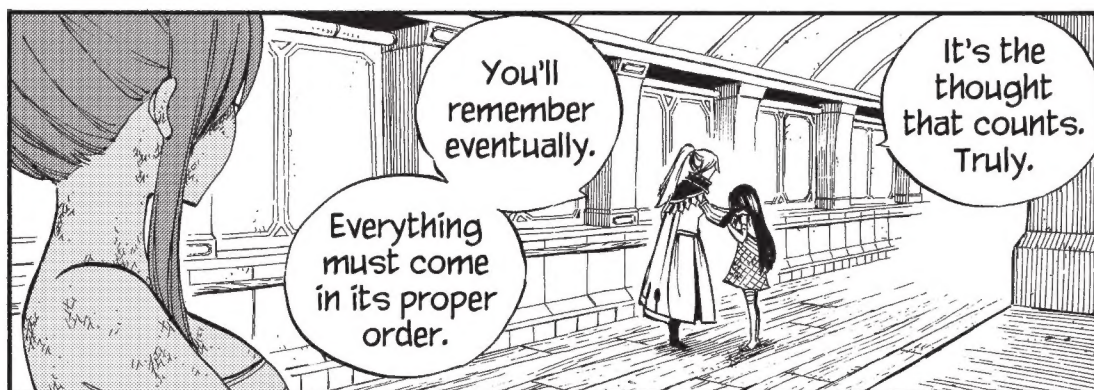

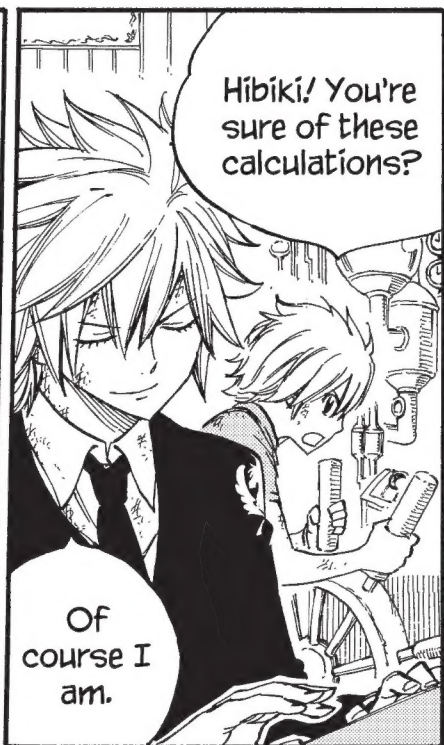

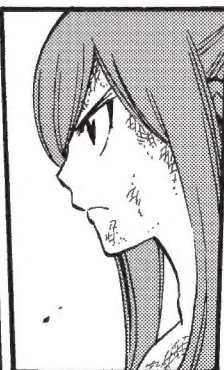

But I
really...
want to
remember...

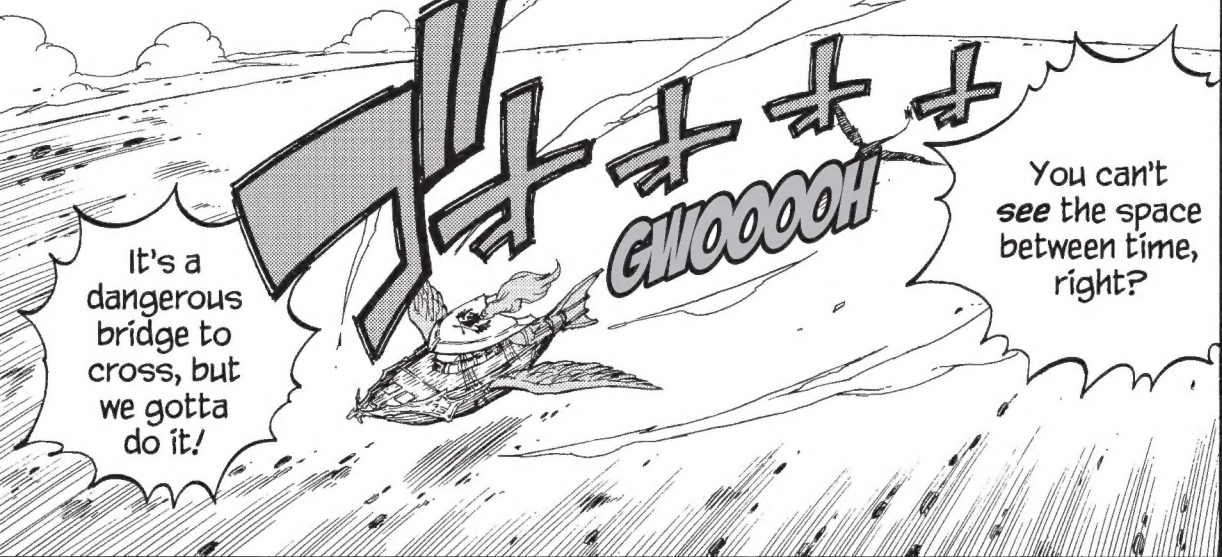

I bet that
was the price
you paid for
going through
Eclipse at such
a young age.

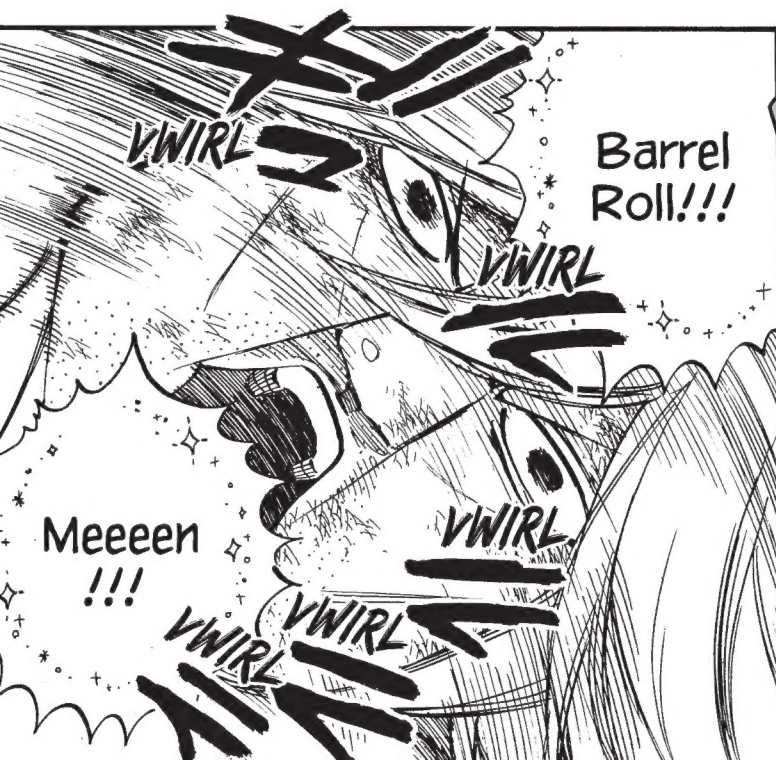

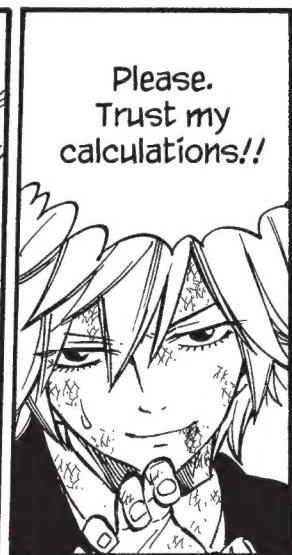

Of course you
don't. Natsu
and the others
don't remember
either, do
they?

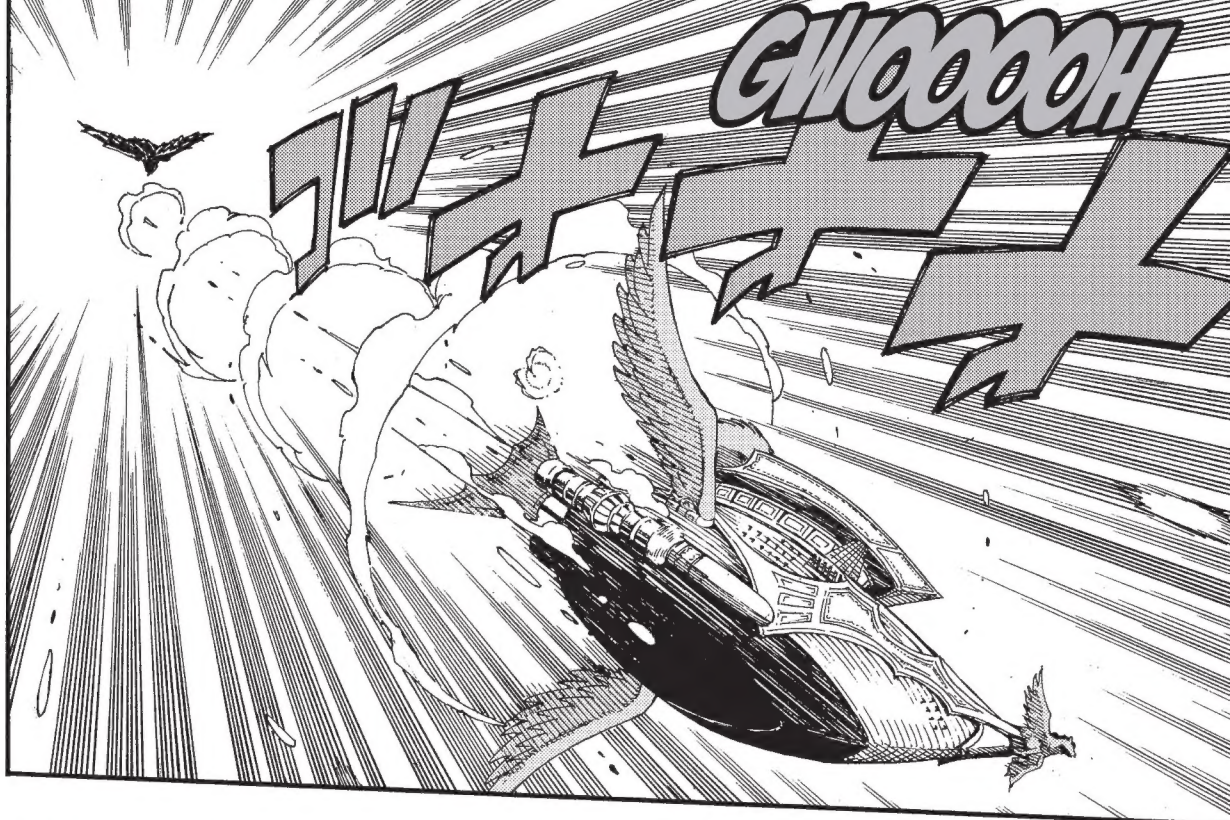

You can't see the space between time, right?

What
?!!

It can't
be!!!

◆ The space
between
time... ◆

He
passed
right
through
it?!!

GABOOOON

This is bad!!
He's latched
on to the
ship!!!

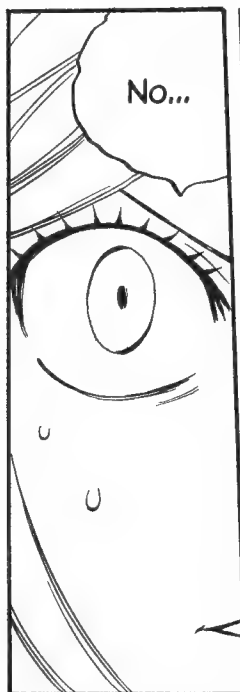

What's
going
on?!!

He definitely
touched it,
didn't he?!

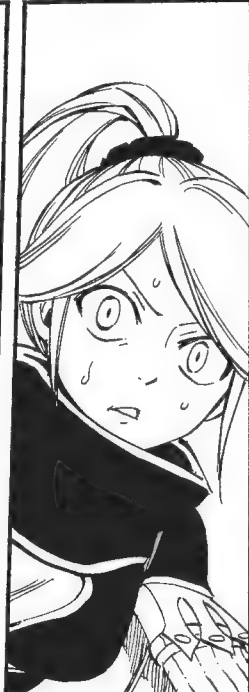

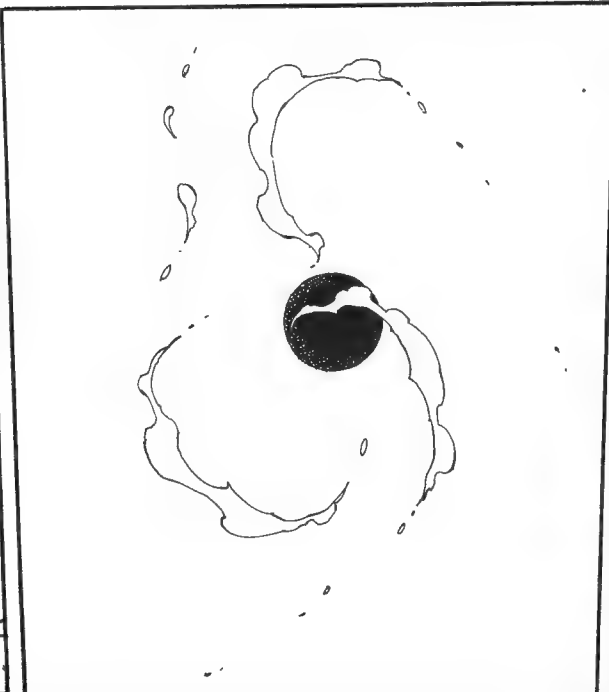

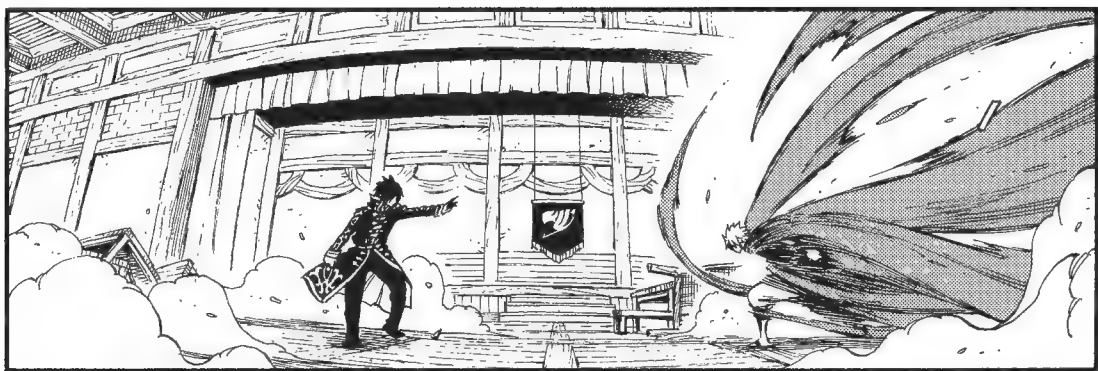

That
shouldn't
even be
possible!!

Can you
turn back
so I can
take a look?

No...

Urghh
...

It's brimming
with so much
Time Magic, it
beggars the
imagination.

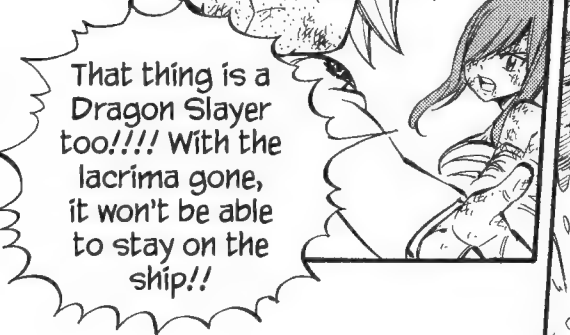

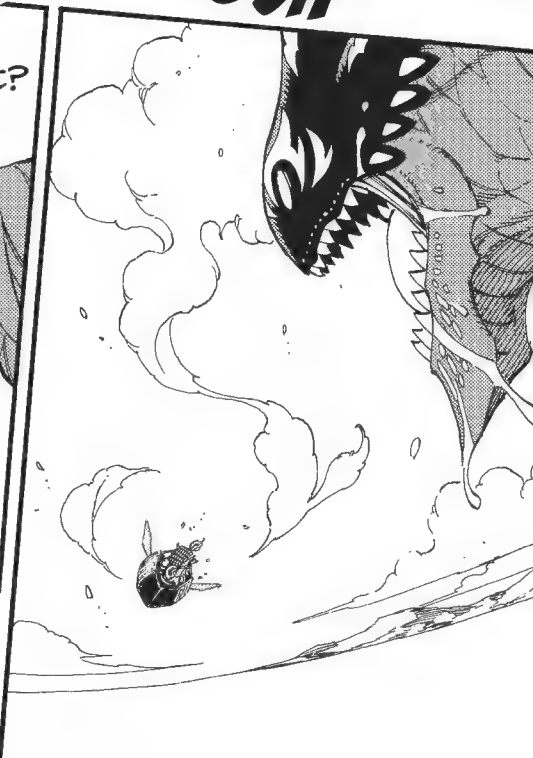

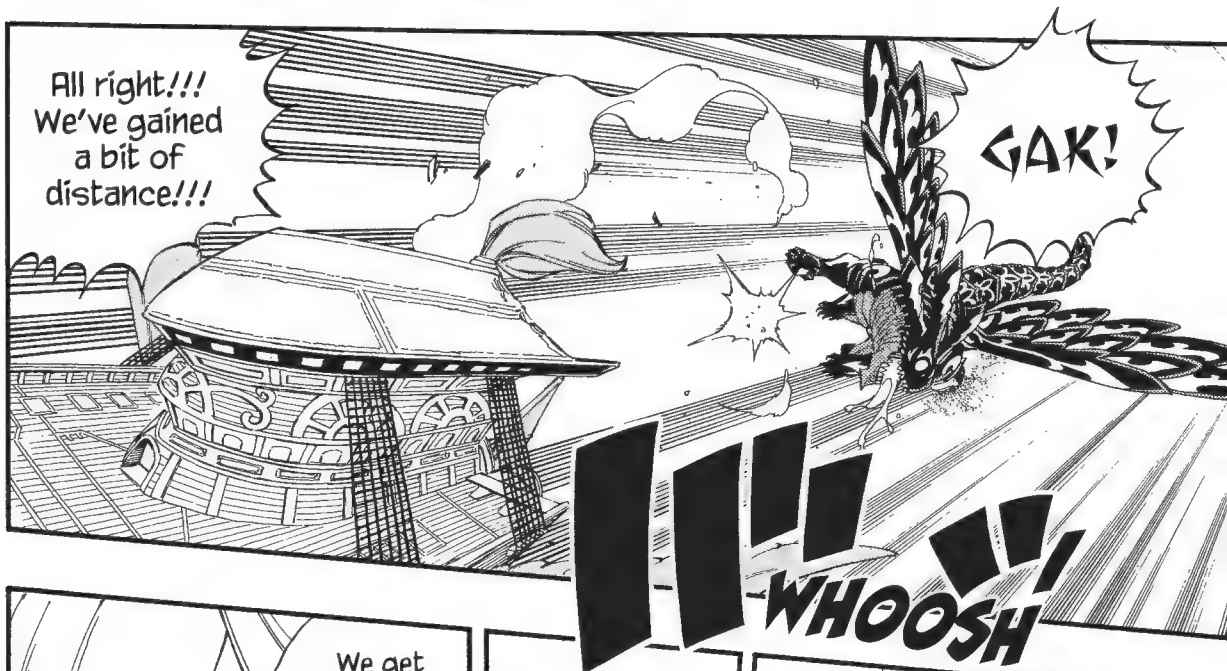

And that
Time Magic
belongs to
me!!

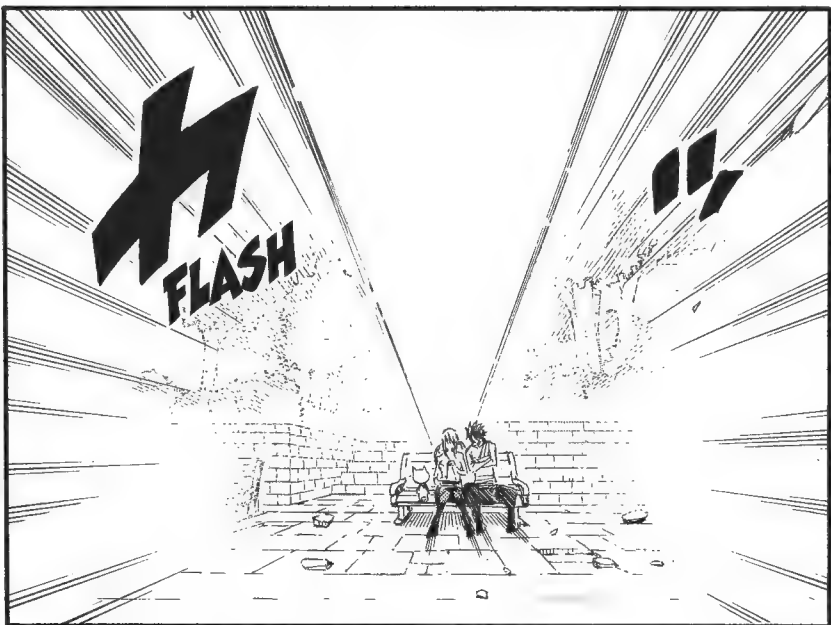

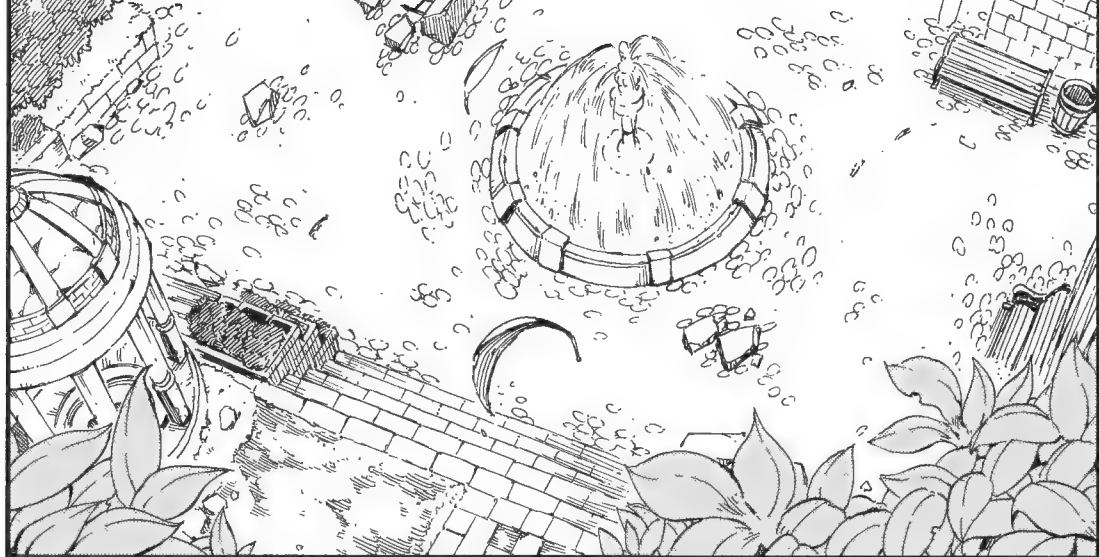

So I
sealed it
up!!

I'll only
open it
for Neo
Eclipse!!

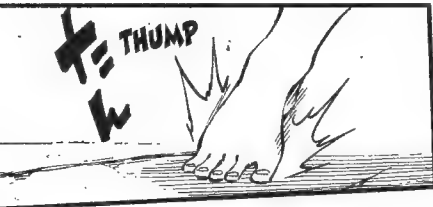

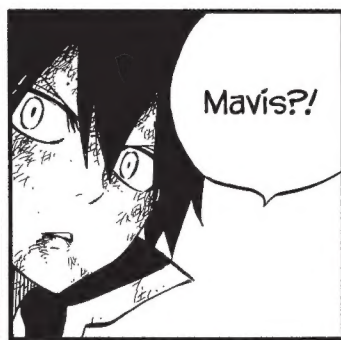

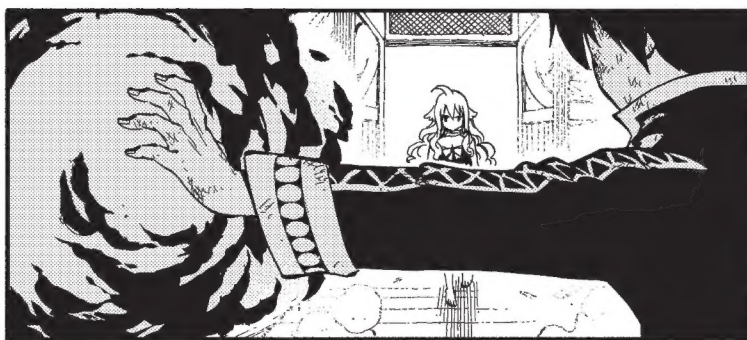

They're just pouring out of the book!!

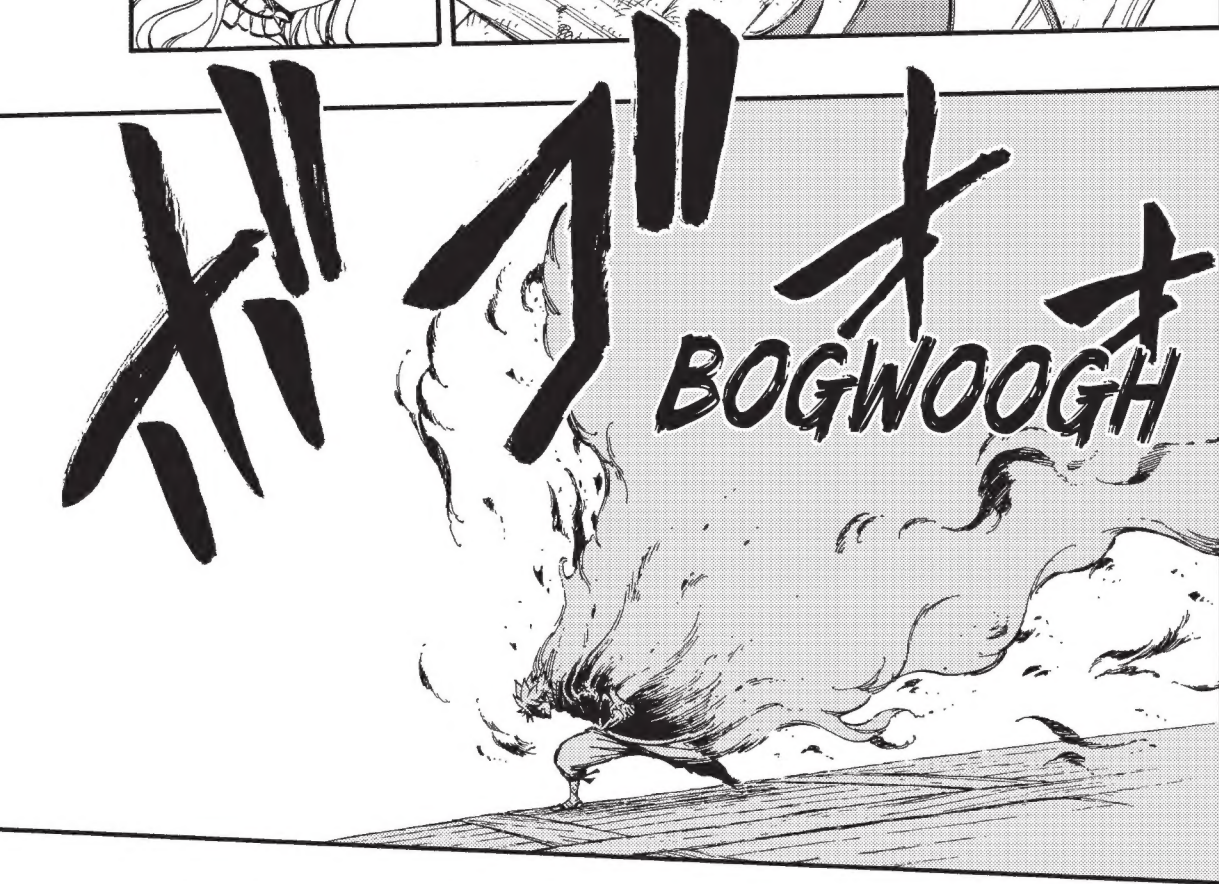

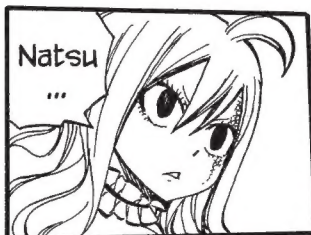

The letters...

Are they really... *all* about Natsu...?

Look at them all...

First
Master,
get back!!
